**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in a residential rural area which is only serviced by AT&T DSL. AT&T is a horrible internet and phone provider and gouging us with no choice and bad service. No fiber in the future is planned. We need a competitive provider to come in and bring service. This has been promised and being built by a small, local wi-fi internet provider company. Local internet providers are crucial to our future not huge cooperation's.
